The essential information  
resource for the whole  
nursing team

# RCNi

RCNi is a wholly-owned part of the Royal College of Nursing, one of the world's largest non-profit organisations for nurses.

As the publishing arm of the RCN, we publish journals covering most specialisms in nursing, focusing on practical application, clinical innovation and the latest research in nursing. Our journals are highly regarded and valued by the academics, nurses and students who read them.

**Each of our journals contain:**

- Research and development papers
- Double-blind peer review for clinical and original research articles
- News of latest developments in treatments
- Essential continuing professional development material.

Whether subscribing to one or all ten of our award winning journals, institutional subscribers are offered access to the best in nursing publishing.

# Specialised for specialists

Ten journals published for their specialisation and relevance across all fields of nursing.
